

1/4/15

Dear Maxine,

Thank you consulting Anglian Water on the additional information relating to the Earls Barton Neighbourhood Plan. I would be grateful if you could confirm that you have received this response.

We would like to make the following comments relating to the information provided:

Letter relating to SEA Screening from the Borough Council of Wellingborough

We note that the Council has provided advice relating to the potential need for strategic environmental assessment (SEA). Anglian Water has no comments relating to the Council's letter.

Earls Barton Neighbourhood Plan Site Selection Process

We note that the Parish Council has provided further information relating to their site selection process which informed the preparation of the Neighbourhood Plan.

The preferred site has the benefit of outline planning permission (planning reference WP/2013/0510) which was granted by the Borough Council in October 2014. Anglian Water has previously provided comments on this planning application. We have no comments relating to the site selection document produced by the Parish Council.

We would wish to be notified of the outcome of the examination and any subsequent decision made by the Council relating to the Neighbourhood Plan.

Regards,
Stewart Patience
Planning Liaison Manager
