Motion to Council 19th November 2013

This Motion addresses the issue of Heavy Goods Vehicles breaching the weight restricted roads in our communities and the Conservation areas are also, in many cases, historic and deserve to be properly preserved.

In particular, the local villages of Sywell, Mears Ashby, Little Harrowden, Hardwick and Wilby and many others in the Borough of Wellingborough who have all suffered from HGVs breaching the restrictions.

This Motion accordingly instructs the Chief Executive to write to the relevant Secretary of State, the members of Parliament for Wellingborough and Daventry indicating our frustration that HGV drivers continually ignore HGV signs and requesting that the Government take action to ensure that all commercial vehicles have navigation systems clearly indicating restricted roads.

Presented by

Jim Bass
West Ward Councillor
