

**Report of Assistant Director**

**PERFORMANCE: COMPLIMENTS, COMMENTS AND COMPLAINTS AND  
FREEDOM OF INFORMATION – 1 APRIL 2017 TO 30 SEPTEMBER 2017**

**1 Purpose of report**

- 1.1. To inform the committee of the council's performance, including Wellingborough Norse, during the first half of 2017-18 in handling customer feedback, including complaints which have been referred to the Local Government Ombudsman (LGO). It also includes performance details for managing requests for information considered under the Freedom of Information Act 2000 and Environmental Information Regulations 2004.
- 1.2. This report relates to the council's priority of delivering an efficient and responsive service.

**2 Executive summary**

- 2.1 The council aims to fully respond to complaints within 12 working days. The performance against this target for the period was 94% (97% to 30 September 2016). The performance does not include those complaints referred by the LGO, as she dictates the response deadline for these.
- 2.2 There is a statutory requirement to respond to requests for information (under the Freedom of Information Act) within 20 working days. The performance against this for the period was 99% (97% to 30 September 2016).

**3 Appendices**

Appendix A – complaints received by service area

Appendix B – Freedom of Information and Environmental Information Regulation requests received

**4 Proposed action:**

**The committee is invited to RESOLVE to note the report.**

**5 Background**

- 5.1 Customer feedback is valued as a means to continuously review and improve the services offered by the council. This includes services delivered directly by council employees or through agency workers and contractors appointed by the council. The target to respond to complaints is 12 working days.

- 5.2 When a customer is dissatisfied with the council's response to their complaint (Stage 1), following a review by a more senior officer (Stage 2), they have a right of appeal to the LGO. This report also contains details of complaints which have been received by the LGO. Depending on the circumstances, the LGO will consider whether the council has had reasonable opportunity to investigate the complaint within its own procedures. If not, the LGO will request this before carrying out her own investigation; these are identified in this report as referrals.
- 5.3 Compliments are considered as praise or expressions of satisfaction about any council activity, or about an employee or representative of the council. Comments are considered as observations which are neither critical nor complimentary, but include helpful suggestions for improving our services and our customer satisfaction.
- 5.4 Since its introduction in 2005, the Freedom of Information Act has instigated a culture change for authorities to represent a balance between greater openness and transparency of decision making and the need to protect information where disclosure would cause harm or otherwise be contrary to the public interest.

Finance	22	22	19
Planning and Local Development	13	13	12
Resources	5	5	5
<b>Total</b>	<b>67</b>	<b>67</b>	<b>63</b>

6.6 For the same period in 2016 a total of 60 complaints were received, of which 97% were responded to within target.

### **Local Government Ombudsman (LGO)**

6.7 During this period, the council received 1 complaint via the LGO.

<b>Service</b>	<b>Nature of Complaint</b>	<b>Conclusion</b>
Housing	The Council was not at fault for writing to Mr and Mrs X about a property they owned which it believed was empty. There was fault when an officer attached a copy of the letter to the property door. The Council had already apologised to Mr and Mrs X and this was considered an appropriate remedy.	BCW not found to be at fault. LGO found the apology to be an appropriate remedy.

### **Freedom of Information and Environmental Information Requests**

6.8 During the first half of the year the council received 225 requests for information under the Freedom of Information Act, 3 requests for information under Sections 29 and 35 of the Data Protection Act and 171 requests under the Environmental Information Regulations. There were no Data Subject Access requests.

6.9 The combined total of requests made under the Freedom of Information Act and Environmental Information Regulations was 396. Of these, 99% were completed within the statutory deadline.

6.10 A breakdown of the requests received per service area and the type of requester is attached at Appendix B; this summary excludes the requests made under the Data Protection Act.

6.11 For the same period in 2016 the council received 277 requests for information under FOI, 7 requests for information under Sections 29 and 35 of the Data Protection Act and 178 requests under the Environmental Information Regulations. Of these, 97% were answered within the statutory deadline.

## **Transparency**

6.12 In May 2014, the Secretary of State for Communities and Local Government issued “The Local Government Transparency Code 2014” (the Code) in exercise of his powers under section 2 of the Local Government, Planning and Land Act 1980. The Code sets out key principles for local authorities in creating greater transparency through the publication of data and sets out what, when and how this information must be published. The code is intended to meet the government’s desire to place more power into citizens’ hands to increase democratic accountability and came in to force on 31 October 2014.

6.13 The requirement is for quarterly and annual data to be published within specific time frames and is grouped in to three themes.

Publishing spending and procurement information:

- expenditure exceeding £500
- Government Procurement Card transactions
- procurement information (tenders and contracts)
- grants to voluntary, community and social enterprise organisations
- waste contracts.

Publishing organisation information:

- organisation chart
- senior salaries
- the pay multiple
- trade union facility time
- fraud
- constitution

Publishing land asset and parking information

- local authority land and building assets
- parking accounts and parking spaces

6.14 The council’s website has dedicated pages to publish information in accordance with the Code.

## **7 Legal powers**

7.1 Section 1 of the Freedom of Information Act 2000 provides the general right of access to information held by public authorities.

7.2 Part 2 of the Environmental Information Regulations 2004 provides for access to environmental information held by public authorities

7.3 The Data Protection Act 1998 provides for the regulation of the processing of information relating to individuals, including the obtaining, holding, use or disclosure of such information.

7.4 Part 2 of the Local Government, Planning and Land Act 1980 provides a duty for the publication of information by authorities.

## 8 Financial and value for money implications

- 8.1 Ombudsman investigations may recommend a financial settlement by way of compensation being paid to the customer. No compensation payments have been made so far during 2017-18 and none are anticipated at present.
- 8.2 There is the potential for the council to charge for the provision of information supplied under the Freedom of Information Act, should it exceed 18 hours work at £25 per hour, i.e. £450. Since the introduction of the Act, the council has not received any income as a result of a request for information, mainly because there is a duty to allow applicants to amend their enquiry so that it remains below the 18 hour threshold.

## 9 Risk analysis

Nature of risk	Consequences if realised	Likelihood of occurrence	Control measures
Council proved negligent by the Ombudsman.	Potential compensation claim and negative reflection of the council.	Low.	Senior officers investigate or scrutinise all complaints/potential LGO referrals and take action to mitigate the escalation of complaints. Learn from previous errors.
Confidential information given out in error.	Contrary to the Data Protection Act.	Low.	Well trained employees with regular updates. Legal advice sought as required.
Not meeting statutory deadlines to respond to FOI requests.	Potential referral to Information Commissioner.	Medium.	Stringent recording and monitoring arrangements in place. Suitably trained employees and legal guidance available.
Council fails to take improvement opportunities identified by complaints.	Rising levels of dissatisfaction by customers.	Medium.	All feedback is measured within Corporate Support to identify lessons learnt. Improvements made as permitted by resources.

## 10 Implications for resources

Officer time and materials in carrying out investigations and for providing information for requests.

## 11 Implications for equalities

Monitoring customer feedback provides an important source of assurance that council services are fair, equitable and free from discrimination and harassment.
