

Wellingborough EAST

Gateway for the East Midlands

YOUR OPPORTUNITY TO COMMENT

WHAT IS WELLINGBOROUGH EAST ?

Wellingborough East (WEAST) is a major development for the Borough set to last 10 – 15 years which is being planned as a sustainable urban extension to the Town.

The proposed development is 361 hectares in total (about 400 football pitches), including 2875 new homes (all types), 110 hectares of new employment land, community, education, health and leisure facilities and open space. A major new 'Town Park' is planned along the River Ise Floodplain.

Benefits from the development include an expanded and improved Railway Station, better provision of public transport along with pedestrian and cycle routes, support and access to the town centre for shopping, safer designed streets - putting people first, a new neighbourhood centre and the provision of better waste facilities and the potential of renewable energy sources.

WELLINGBOROUGH

The planning application for WEAST has been submitted to the Council and this is your opportunity to comment on the detailed proposals for this site and the future of Wellingborough

A outline of the Consultation process is provided overleaf

Wellingborough EAST

Gateway for the East Midlands
