

## Source of Housing Land Supply for Estimated Completions for 2017-18

This note is prepared in response to a question asked by the Inspector during the hearing sessions for the Plan for the Borough of Wellingborough examination.

Details of each of the individual sites which make up the total for the 337 dwellings estimated to be completed within the year 2017-18 are within Appendix 6 of the Housing Land Supply Background Paper, September 2017 ([HOU1](#)). A summary of the completions by location is provided in Appendix 2 of the same paper.

A summary of the source of supply for that year is provided below, in the same format as Table 12 from the background paper.
