4 Proposed action:

4.1 The committee is invited to RESOLVE to note the presentation, and;

4.2 The committee is invited to discuss issues relating to the work of Glamis Hall for All and identify any matters it RECOMMENDS be reported to relevant policy committees for their attention.

5 Background

This presentation forms part of the general programme for the Partnerships and Performance Committee, reviewing the work of partners.

6 Discussion

6.1 The committee receives presentations from organisations who are either funded by the council, or who play an important part in the life of the borough.

6.2 Each presentation gives members an opportunity to learn more about the organisation and its impact on the borough. After the presentation there is a chance to ask questions of the presenter.

6.3 If any items of significance arise, members may wish to request a further report from a relevant officer or make a recommendation for action by a policy committee.

6.4 As part of the current voluntary sector funding arrangements, the council gives support for the provision of affordable, local, accessible community facilities and services to enhance the wellbeing of residents living in the Queensway area. The council has a contract with Glamis Hall for All to fulfil this brief.

6.5 The specification is based upon the following requirements:

- To offer community rooms for hire at an affordable rate to enable new and existing community groups to meet and hold events in a safe and welcoming space to increase social inclusion and community engagement
- To promote & provide, either directly or indirectly, a variety of easily accessible resources for individuals on a range of local welfare, social inclusion and leisure services to enhance the wellbeing of residents living in the most need
- To encourage people from the Queensway area to participate in activities and take up an active role in the local community
- To actively seek to increase external funding to allow the development of new projects or enhanced service provision that meet the needs of existing or potential service users, either singly or in partnership

6.6 The contract has a value of £10,000 per annum and runs until 31 March 2021, with an extension in principle until 31 March 2022.

6.7 Additionally, during 2020-2021 Glamis Hall has been a joint partner with the Victoria Centre leading the 'One Wellingborough' project in response to the covid 19 pandemic and supporting the council's community resilience hub by providing low level support to communities such as help with shopping, medication collections, welfare calls and food provision.

7 Legal powers

The Local Authorities (Alternative Arrangements) (England) Regulations 2001 empower the council to establish one or more overview and scrutiny committees. Whilst the council no longer has a designated overview and scrutiny committee, the Partnerships and Performance Committee has been given the role of reviewing and monitoring the performance of council services and services provided on behalf of the council by external bodies. A local authority may invite persons other than members or officers of the authority to attend meetings of such a committee.

8 Financial and value for money implications

The provision of contracts with the voluntary and community sector help the council to meet its strategic needs, such as the reduction in numbers of homeless or helping people to maintain independent living, helping people back into work and the reduction of benefit claims.

9 Risk analysis

There is a risk that if contracts are not delivered as intended, outputs will not be met. This is mitigated by regular reviews, and presentations to committee.

10 Implications for resources, stronger and safer communities, and equalities

Strategic contracts with the voluntary and community sector contribute

towards the council's priorities, offering support in the community to help individuals and communities to help themselves.
